

# Road Repair Costs Increase with Inflation...

The last time Michigan's per gallon gasoline tax was raised was 1997.

Michigan's gas tax does not increase with inflation.  
The purchasing power of 19¢ is now 13¢.

MDOT costs to rebuild 1 mile of highway

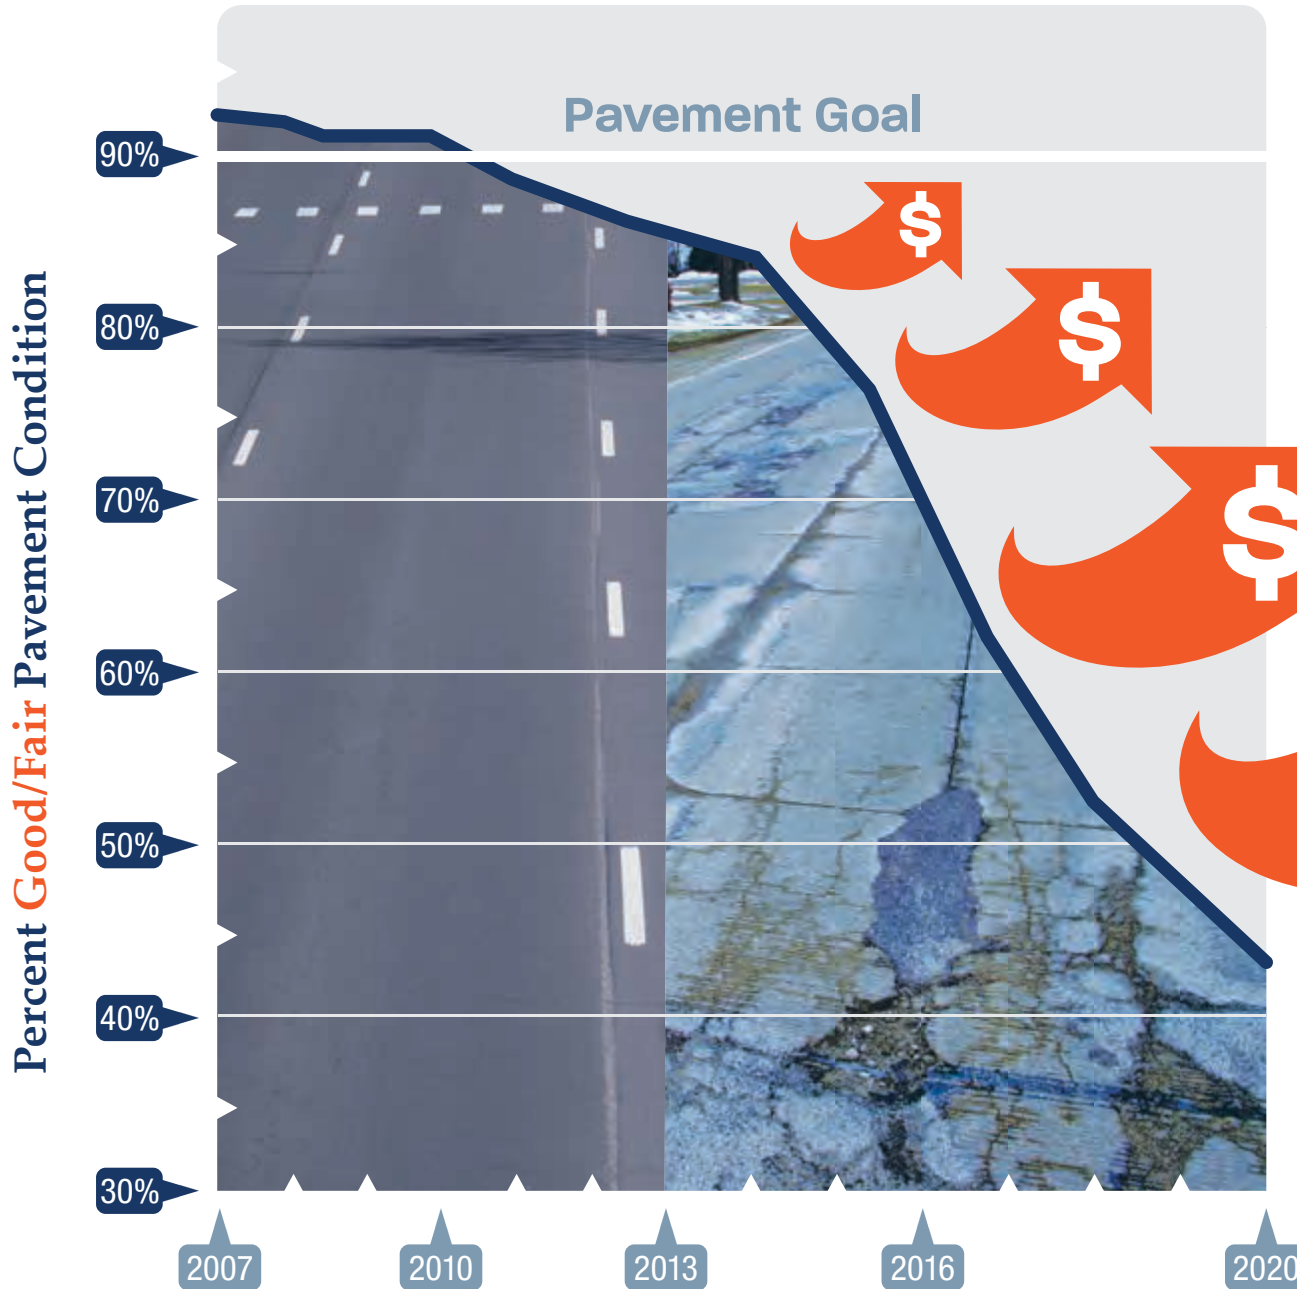

Cost are increasing  
but gas tax  
revenues have  
not kept pace.

↑(Inflation) + ↑(Road Costs) = ↓Road Rebuilding

...but the gas tax revenue does not!

# Pavement Repair Costs Increase the Longer We Wait

The longer we wait  
the more **\$** needed  
to bring pavement  
conditions  
back up.

Because letting  
pavement deteriorate  
costs more in the  
long run.
